

New ShipCSX Beta is Now Live!

CSX eBusiness is excited to announce the beta release of the company's new ShipCSX website. The beta version of the upgraded and redesigned site provides an opportunity for customers to experience the fresh look and feel of the new ShipCSX and provide feedback that will contribute to further enhancements.

Want to participate and provide feedback? Contact us at shipcsxfeedback@csx.com

New Features - Currently Available

- Intermodal Public Tools
 - **Equipment Lookup / Pay Storage**
 - In-Gate Readiness: Verify billing, gate reservation status and add or change gate reservations
 - Enroute Status: View Estimated Time of Notification (ETN) and Last Reported Event
 - Notified/Out-Gate Readiness: Verify if units are ready to out-gate and pay storage via credit card on single or multiple units

Coming Soon

- Intermodal Public Tools
 - **Equipment Lookup / Pay Storage**
 - Trip Plan: View planned and completed events
 - **Lift Payments:** Submit payment for equipment lifts
 - **Gate Receipts (J1):** Retrieve gate receipt records and download equipment inspection images
 - **Baltimore Integration:** The Baltimore terminal lookup is coming soon

Outstanding Issues:

1. Bedford Park terminal lookup is coming soon
2. South Kearny terminal lookup is not returning all results
3. Valid reference numbers starting with "0" (for example, 0123456789) may not be interpreted correctly and appear invalid.

Remember! - ShipCSX Beta is a live environment ready for you to use YOUR data to complete real-time ShipCSX transactions.
